

Nights Away Guidance:

- ALL nights away notifications must be entered onto the membership system. If you have not done this before, help on how to is here:
<https://www.scouts.org.uk/volunteers/volunteer-experience/digital-tool-guides/nights-away/#ApplyForNightsAway>
- Please allow for at least 2 weeks for us to process these, as at times throughout the year we will have quite a few to check and process.
- If it's for a large district event, ie Silver Buckle, every attending section needs to have completed their own Nights Away, please allow 3 weeks for these.
- Every application must have:
 - All adults staying overnight listed, and have an up-to-date DBS
 - Leader's training must be up-to-date and at least one with module 10 first response training.
 - A list of all planned activities and a programme.
 - Accompanying Risk Assessment in the Scout Association's template format, uploads from OSM will not be accepted. Blank template here:
<https://prod-cms.scouts.org.uk/media/iwzpzt5u/template-ra-form-nov-2024.docx>
 - It will be extremely helpful if these are uploaded in a PDF format please.

If you have any questions, please ask us.
